OUTLINES.

It is announced from Washington that the progress of the work on the Panama Canal is so far advanced that it is ahead of the appropriation and that by the expenditure of eight million of dollars the work could be rushed forward the present year——Several witnesses of the Southern Railway gave testimony yesterday in New York before Standing Master Montgomery in the proceedings of the North Carolina passenger rate case; it was testified that there are nol ong hauls in North Carolina and 85 per cent. of the business of the railroads, is more expensive to haul than Inter-State freight; Governor Glenn was in New York and in an interview told how closely he came to calling out troops to resist Federal Judge Pritchard——President Roosevelt sailed yesterday from Oyster Bay for Provincetown, Mass., where today he will deliver a speech at a celebration of the landing of the Pilgrims——A tramp who brutally assaulted Miss Anna Whitehead, daughter of a prominent Methodist minister at Turnersville, Pa., was narrowly saved lynching yesterday by a sheriff who took the prisoner in an automobile and made a run of 30 miles——Secretary Taft last night delivered a speech at Columbus, Ohio, to thousands of people, calling it his "confession of faith;" he declared it would be both unwise and unsafe for the Republican party not to revise the tariff as soon as possible; he also declared that violators of the anti-trust laws and those guilty of rebating should be sent to jail——New York markets: Money on call steady at 2 to 3 per cent, ruling rate 2 3-4, closing bid 2, offered at 2 1-2; spot cotton quiet at 13.25; flour steady with a moderate trade; wheat firm No. 2 red 92 3-8 elevator; corn firm No. 2, 62 elevator; oats firm 59; turpentine and rosin steady.

"May a man whip his wife?" a correspondent of the Richmond Times-Dispatch inquires. He may, if he can, but he will never hear the last of it.

The Star's market reports from Chicago this morning tell us about an advance in the price of wheat on account of a frost scare.

Ida M. Tarbee, the magizine writer, says: "Mr. Rockefeller lacks the collective sence." Collective nothing. When a man can absorb like he does, he doesn't have to collect.

A young man wrote a girl, "I have a heart full of love for you." If he had written that he had a pocket full of chink for her you'd ought to seen her file the letter away for immediate consideration.

A New York musician has mysteriously disappeared from home. If he has been playing much late at night, the mystery may be solved by finding out which of his neighbors carried him off in a tow sack.

The Georgia Legislature has kept on with its foolishness till it has passed an act prohibiting fishing on Sunday. In the first place, and also finally, who would want to go fishing in a prohibition State?

The newspapers are printing the picture of the young woman telegrapher who was the cause of the telegraphers' strike. Since seeing the picture our sympathy goes out to the strikers for not waiting to see the picture before they struck.

One by one some old adage gets the jiblets knocked out of it. "You can't teach an old dog new tricks," has been consigned to the junk pile, since Judge Kenesaw Landis fined the Standard Oil Company $29,460,000. One of President Castro's courts at Caracas, Venezuela, has fined the New York and Bermudez Asphalt Company $5,000,000.

The dispatches stated that during North Carolina Week at the Jamestown Exposition, it is estimated that 30,000 Tar Heels showed up to see the sights. The Norfolkians and Hampton Roadsters needn't think that is all the North Carolinians who are going to see the Exposition. The allegations brought back about what can be seen and discovered on the "War Path," has superinduced intentions among thousands of others to go there for the proof.

The Washington correspondent of the New York Times says Southern Republican leaders who visit Washington can not be drawn out into expressing a preferance between the candidates for the Republican nomination for President. For fear that Southern Republicans might be classed as astute, we butt in to assure unsuspecting individuals that they are just simply sly. They are lying low till they see which band wagon is scheduled for the through trip to the political pie counter.

BUILDING RAILROAD

Colony of Italians Arrive For Railway Construction Work at Bolton, N. C.

WACCAMAW LUMBER CO.

Line to Be Extended Through Fine Body of Timber, Distance of 15 Miles—Big Mill Plant Being Established There.

Seventy-five Italian laborers in charge of one of their own countrymen, Antonio Ross, a well known railroad contractor, arrived in the city Sunday night on two extra coaches, attached to the train from the North, and were immediately taken over to Bolton, N. C., on a special train to begin work for the Waccamaw Land and Lumber Company, of this city. Few, if any, of the men can speak a word of English and come largely from Pennsylvania and other sections in the North, where they have been engaged in construction work under the Italian contractor. Mr. E. C. Carpenter, of the Waccamaw Land and Lumber Company, went north to accompany the laborers to Wilmington, and as soon as the two coaches reached the yards of the Atlantic Coast Line in this city, they were attached to an engine and run as a special immediately to Bolton.

The work on which they will be engaged will be the building of a line of railway from a new mill which the company is building at Bolton through its body of timber in that vicinity, including much of the Green Swamp lands, a distance of 15 miles to Juniper Creek. It is expected that these men will be engaged several months on the construction of this road, which may be ultimately extended to Southport, according to common report. Quarters have been built for the Italians at Bolton, and they probably began the work of cutting out a right-of-way for the lumber road yesterday.

Bolton is situated 29 miles below Wilmington, on the W., C. & A. Railroad, and with the developments of the lumber company there it is fast growing beyond the proportions of a mere flag station. A three-story hotel and a number of very neat cottages have recently been erected near the station and the new mill, which the Waccamaw Land & Lumber Company is erecting there, is said to be one of the largest and most complete in this section. The mill will consist of two band saws of large capacity and extensive planing mills, the latter being driven exclusively by electricity, a number of dynamos being now installed. The entire mill property will be lighted by electricity and every modern convenience will be installed in the construction of the plant. Everything is on concrete foundations and the timbers are of the heaviest and most substantial character. The Waccamaw Land & Lumber Company owns perhaps the most extensive body of timber in this section of the country, and the istallation of the new mill and the building of a line of railway through the tract means that operations will be carried on within the next few months on a much larger scale than ever before. There is large capital behind the new enterprise, and its development will mean much for the commerce of Wilmington, as it is reasonable to expect that the headquarters will remain here.

COMPLIMENT TO FIREMEN.

Capt. Jno. W. Harper Will Feast Laddies at Carolina Beach.

Through Chief Scnibben the firemen of the Wilmington Department have been extended a very cordial invitation from Capt. Harper to be his guests for a trip on the steamer Wilmington and an oyster roast at Carolina Beach this week. Necessarily it will be impossible for all the fire laddies to be off at one time, but the hospitality of Capt. Harper can not be brooked by a little thing like that and so the invitation holds good for three days, Wednesday, Thursday and Friday of this week. Each day a third of the 36 men in the Department will go for the trip and they are looking forward to the event with a great deal of pleasure. The firemen and their friends who desire to accompany them will go down on the steamer in the morning and return at 7:30 in the evening There will be plenty of the luscious bivalves and Mr. H. A. Kure has prepared a feature in the shape of a bowling tournament to run through the three days. A medal is the first prize and a two dollar and a half gold piece the second. The excursion is entirely free, Capt. Harper meeting all the expense.

MANY PENITENTS LINED UP

Sixteen Defendants Before Mayor at Yesterday's Session of Police Court—Sentences to Roads, Farm and County Jail.

The city exchequer was enriched by something over sixty dollars, both the roads and the county farm received several recruits and the list of guests at the Hotel de Capps was considerably augmented from the daily grind of the police court yesterday, Mayor William E. Springer presiding.

There were sixteen cases all told, the harvest of the police Saturday night and over Sunday. The star defendant was perhaps Dan Brown, a negro arrested by Officer Dave W. Willis late Saturday afternoon. Brown was on a car Saturday afternoon and was inclined to be naughty toward the conductor, who in brushing by the obstreperous negro, felt a pistol in his pocket. At the trial yesterday he was represented by George L. Peschau, who endeavored to show that the weapon was in a coat which the defendant carried on his arm and was not concealed. The Mayor couldn't see it in just that light and a $25 bond was required for the higher court. This was given

Joseph Freeman, a country-looking young negro was charged with the larceny of a pair of shoes from Solomon's Shoe Store Saturday night, having been caught in the act by Mr. W. W. King, Jr., a salesman in the store. He went to jail in default of $50 bond. He said that he didn't steal the shoes but was unable to explain why he had led the salesman such a lively chase down a neighboring alley.

George Mack, a negro found wandering around Water and Grace streets at an unseemly hour Sunday morning before day, was picked up by Officer Frank George on suspicion. The negro had a pistol and a razor on his person. He went to jail in default of $25 bond.

Chas. Holliday and Eddie Coleman, colored youths charged by Officer D. W. Coleman with engaging in the ancient and festive game of craps, were each sent over to the Capps house for board and lodging until the next term of Superior Court. Minnie Pridgen, colored, with them in Strauss' alley and charged with disorderly conduct, was sent to the country farm for 30 days.

J. H. Robinson, colored, arrested by Officer C. E. Wood for being drunk and disorderly, was sent to join his comrades on the permanent road improvement of the county, a la Hocutt.

Walter Talley, colored, was charged by Sergeant C. S. Burnett with an assault and with being drunk and disorderly, the officer having been sent for to quell a disturbance on Second between Market and Princess streets. Tally was ordered to chalk up $10 and costs in the two cases or go to jail.

R. L. McLoud and Joe Day, plain drunks, no frills and furbelows, were each fined $5 and costs. John Lewis arrested by Officer A. D. Woolard, received the same. Six others, all charged with first offenses of drunkenness, were let off with $5 and costs, the single exception in the matter of charges being James E. Colvin, who was arrested by Officer Frank George for throwing stones in the street.

DEATH OF MRS. E. C. BROWN.

Passed Away at Home of Her Son Yesterday—The Funeral.

Many friends of the deceased and those of the family will regret much to learn of the death of Mrs. Eliza C. Brown, relict of the late John W. Brown, and a woman held in the highest esteem by all in the circle of her acquaintance. Mrs. Brown passed away at the home of her son, ex-Alderman James O. Brown, No. 617 South Sixth street, where she had made her home for some years, Sunday morning at 9:30 o'clock. She had been a great sufferer with Bright's Disease for some time, but only those who had watched so tenderly at her bedside knew that the end was so near.

Mrs. Brown was born in Onslow county, and was 62 years and four days of age when she passed away. She is survived by six sons and step-sons, all of whom live in Wilmington. They are Messrs. James O. Brown, J. E. G. Brown, John, Douglass, J. L. W. and H. C. Brown. They all have the tenderest sympathy of many friends in the loss they have sustained.

Funeral services over the remains of Mrs. Brown were conducted by Elder E. E. Lundy, of the Primitive Baptist Church, yesterday at noon from the residence of Mr. J. O. Brown and the remains were taken on the Newbern train at 2:40 o'clock to Dixon, N. C., for interment. The pall-bearers from the residence to the station were Messrs. A. G. Hankins, H. L. Horne, E. J. Littleton, J. B. Casteen, J. H. Justice and R. J. Darden.

Search Warrant for Laundry.

Upon affidavit of Nathan Stratford, a well behaved young colored man employed at the Suitorium, a pressing club on Princess street, a search warrant was issued from Justice Bornemann's court yesterday authorizing Deputy Sheriff A. T. Piver to raid the Chinese laundry kept by Hopp Lee on Third street, and recover if possible a package of laundry that Lee had refused to surrender to Stratford, upon the latter's having lost his ticket. Deputy Piver had a good look over the premises but was unable to find the package.

AGAINST SOUTHERN

Coroner's Jury Completes Its Inquiry in Railway Wreck Two Weeks Ago.

FOR CRIMINAL NEGLIGENCE

Warrants May Be Issued For Conductor, Engineer, Dispatcher and Telegraph Operator Involved. Company Lax.

(Special Star Telegram.)

Raleigh, N. C., Aug. 19.—After being out three hours the coroner's jury in the investigation to fix the responsibility for the collision of Passenger Train No. 136 and Freght No. 177, on the Southern Railway two weeks ago near Auburn, this county, returned a verdict this evening to the effect that Engineer W. W. Rippey and Conductor C. M. Oakley, of the passenger train, were guilty of criminal negligence in that they forgot orders to meet the freight at Auburn, while Chief Train Dispatcher D. B. Ketchum and Operator Victor Parvin, of Durham, were guilty of gross criminal negligence for not observing the rule to use the "middle order system," and further that the Southern Railway Company be censured for the lax manner in which the rules are enforced on the Durham division.

Coroner Separks says warrants will be issued at once and probably served tomorrow.

The principal witness examined today was Engineer Rippey, who was too ill to be present at the former hearing. He testified that he suffering from a severe attack of cholera morbus on the evening of the collision, being taken ill somewhere about Cary; that when he received the orders to meet the freight at Auburn he told his fireman about the order and asked him not to let him forget about it. Then both overlooked the orders.

Witnesses were called to prove by still further testimony that the middle order system had been ignored through neglect of operators for several months prior to the collision, and had since been regularly observed by order of the company.

THIEF STOLE PISTOL.

Chased by Member of the Firm Until Revolver Was Dropped.

Mr. J. C. Springer is the "early riser" for the firm of William E. Springer & Co., and is always at his place of business before 7 o'clock in the morning. Yesterday morning he was down as usual and was attending to getting the day's work before the employes in the store when a young negro sauntered in and stood at a show case as if he wanted to purchase something. Mr. Springer's attention was suddenly attracted by the click of the show case and he went up front, responding to the negro's innocent request for a pair of hinges by making a lunge at him, knowing full well that the click of that show case meant more than an ordinary pair of fifteen-cent hinges. The negro ran, of course, Mr. Springer in close pursuit, down the Purcell aley. At the outcry and the close pursuit of Mr. Springer, the negro dropped in the alley a fine pistol he had abstracted from the show case, the value being something like $20. The negro had his nerve right with him, for there are few who would have the temerity to steal from the Mayor himself, especially when the latter has a brother so active as was manifested by the other member of the firm.

REORGANIE7D SEASON 1907-1908.

Hollowbush's Orchestra Will Again Be Heard This Winter.

Mr. C. W. Hollowbush has reorganized his orchestra and will bring it up to the high standard of excellence which it has maintained in the past for the coming Fall and Winter. It will be known as Hollowbush's Academy Orchestra and will be composed of the following well known musicians: J. A. Fettel, R. H. Morris, Messrs. James Culbreth, B. McD. Russell, Mark Koch, C. W. Hollowbush Fred Dock and Prof Kohler, the accomplished pianist. The genial "Jack" Adkins will be musical director and play first violin. Two other first class men will be added during September and the organization will be second to none in the State. Mr. Hollowbush has many dates booked already, notably the attractions at the Academy of Music. The orchestra will be ready for engagements September 1st.

Young Wilmingtonian Injured.

Relatives in this city have been advised of a serious accident which befel young Oscar Grant, of this city, at Rocky Mount, Saturday night. He was in a box car loaded with lumber and being shifted on the railroad yards there. A section of the lumber piled in the car fell on the young man, breaking both arms and one leg and fracturing a shoulder. He was carried to the railroad hospital at Rocky Mount where he is is being given the best of attention. Young Grant lived in the southern part of the city and left Wilmington presumably for Norfolk.

CLOSED TO TRANSIENTS

Seashore Hotel Will Not Receive More Guests This Season—Management of Mr. Edgar Hinton Has Been Satisfactory.

The Seashore Hotel at Wrightsville Beach yesterday at noon closed to transients for the remainder of the season, though about thirty or forty guests by the week and month will be entertained longer. While the season has not been an overwhelming success at the hotel as to number of guests, those who have come to the place to spend any length of time have been entertained splendidly and have not been annoyed by the crowds and the rush always incident to life at Summer resorts. It was Manager Hinton's first season as manager of the hostelry, and he has done all and more than could have been expected under the handicap of a National exposition in another adjoining State, and the very backward season earlier in the year. He has made a most competent and obliging host, and many will remember the many courtesies shown by him while his guests.

The closing of the hotel to transients yesterday meant the discharge of a large number of employes, but enough are retained to well care for the guests who remain permanently. The season will likely not fully close until the first of the month, or perhaps a little longer.

The closing of The Seashore by no means should be construed as the closing of the season at the beach. Lumina will be in full bloom for several moons yet, and the Hotel Tarrymoore, under the clever guidance of Proprietor W. J. Moore, has grown to be an almost all the year round resort. He will remain there with his full force for some time longer, and later in the season will perhaps be there with his family.

AT THE THEATORIUM.

"Parsifal" Already Enjoying Big Run at Popular Amusement Place.

There can be no doubt of the success of "Parsifal" with the special lectures in connection therewith by Col. A. M. Waddell, which began yesterday and will continue for a week at the Theatorium, No. 20 Market street. Aside from the fact that the theatre is most attractive within itself, its patrons are numbered among the very best people of Wilmington and the special film this week is proving a drawing card. The statement that "Passifal" had been given before at the Theatorium was an error, the notable offering earlier in the season having been "The Passion Play." Yesterday the crowds were large and all were eminently pleased. The lectures by Col. Waddell in connection with the drama were edifying and pleasing to everyone.

The theme of "Parsifal" is absorbing and intensely impressive. The drama revolves about the Holy Grail. The blood of a crucified Lord is kept as a sacred relic and a potent talisman in the Castle of Monsalvat, in charge of the Knights of the Grail, a society of purity and virtue. Titurel, owner of the castle, has the sacred spear which is to guard the holy vessel and growing old he entrusts this to his son, Amfortas. Klingsor appears for admission into the grail and is refused on account of his impurity of life. The assistance of Kundry, doomed to endless wandering for having mocked the Savior on his way to Cavalry, is called to his assistance. Then Parsifal appears when the Knights are in some distress because of the machinations of the evil one. Then revolves the drama, an absorbing, a weird story of Biblical times which needs to be seen rather than to be described. The impressions gained from the story are wholesome, awe inspiring. The piece is commended to everyone by press and pulpit and to miss having seen "Parsifal" when the opportunity has been offered, argues unappreciativeness. The film will be on each afternoon and evening this week.

TRUCKERS COME TOMORROW.

Reduced Rates on Railroads May Bring Large Crowds.

The annual meeting of the East Carolina Truck and Fruit Growers' Association will be held in the Court House in this city tomorrow afternoon, begining at 2:30 o'clock. Special rates have been given on the Atlantic Coast Line for this occasion and tickets will be on sale August 20th, 21st, good to return until 22nd. The general meeting of the stockholders will be preceded by a meeting of the executive committee in this city today and the Board of Directors tomorrow morning. The meeting will be one of the most important in the eleven years of the organization, as it will be determined at this meeting whether or not the Association is to be continued. It is clear that some machinery must be set in motion by which the revenue may be derived and this will be settled at the meeting tomorrow.

No Baseball Yesterday Afternoon.

For some reason unknown to the local management, the Charlotte team failed to turn up for the game at Hilton Park yesterday afternoon and many baseball enthusiasts in the city, where disappointed. President Smith of the league has heard nothing whatever from the Charlotte manager. An effort is being made to secure some other team for games this week, announcement of which will be made later.

STANDARD OIL SINS

Dr. Len G. Broughton Before Raleigh Congregation Takes New Trust View.

NEWS FROM CAPITAL CITY

Two Enterprises Chartered—Progress of Education—Change in Baptist Secretaries—First Train to Washington—Advertising.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 19.—Dr. Len G. Broughton, pastor of the Tabernacle Baptist Church, Atlanta, in a sermon preached last night in Tabernacle Church, Raleigh, on "The Twentieth Century Church," or "The Church That Must Win," declared that in the movement against sin and vice of all kinds no distinction must be made against the high or low; that while the Standard Oil Company had just been fined $29,000,000 for alleged violation of the law, he was convinced that the Standard Oil Company is guilty of no greater offense than are even the peanut venders of Raleigh in the conduct of their business. He declared that he was making no plea or defense for the Standard Oil Comapny, having no more relation with the great corporation than any member of the congregation, he was addressing, but that it was unfair to single out one great enterprise which had really done much for the advancement of industrial and other interests of the country and set up a prosecution of it without carrying this prosecution into the ranks of the smaller enterprises that were equally guilty.

The Concord Foundry and Machine Shops Company, of Concord, was chartered today with $10,000 capital subscribed and $50,000 authorized, the incorporators being J. C. Blume and others. An amendment for the McPhail & Blue Company's charter of Raeford, Cumberland county, is approved, changing the name to Williford & Johnson Company. The company does a mercantile business.

Advices are received in the office of the State Superintendent of Public Instruction that local tax elections for the improvement of public schools have been carried in one district in Wayne, three in Columbus, and one in Harnett county. New rural public school libraries are just authorized, four in Moore, one in Surry, one in Pender, four in Buncombe and one in Harnett county.

The appointment of a successor to Rev. Hight C. Moore as Sunday School Secretary of the North Carolina Baptist State Convention will not be made until the State Convention meets in December. Rev. Moore retires to become field scretary of the Sunday School board of the Southern Baptist Convention, a position made vacant by the retirement of Rev. B. W. Spillman, who becomes general manager of the Southern Bapist Convention Assembly Grounds at Blumont, near Asheville.

The first train to run over the Norfolk & Southern from Raleigh to Washington went yesterday, leaving Raleigh at 8 o'clock. The run was 104 miles and was made without accident. On the train were Vice President C. O. Haines, Chief Engineer of Construction Jas. P. Gaffney, Trainmaster J. H. Lawrence, and others. Trains will be running regularly early in September and passenger trains will come under the shed at the union station.

The Raleigh Chamber of Commerce has obtained a promise from the Norfolk and Southern that sometime in September a train of ten cars will be placed at the disposal of the Chamber to be known and marked with streamers as "Greater Raleigh Train." This will be filed with representative people of the capital city for a trip to Washington, N. C. Stops will be made at all the principal towns and opportunity provided for short ceremonies at each, the purpose being to afford opportunity for an exchange of greetings and expressions of fellowship and cooperation by the people of Raleigh and these new neighbors. The date for this trip is to be named later.

Two Goods "Corks" Are These.

Two middle-aged white men, evidently from the country, were arrested yesterday afternoon down and out in the waiting room of the A. C. L. station. Officer S. A. Nichols found them dead to the world shortly after their train had pulled out. Beside the sleepers were two large jugs of tightly sealed bug juice, with a small tickler on the side from which they had evidently been reviving their spirits. The jugs bore tags addressed to Bolton, N. C., but the sleepers—oh, well, dead men tell no tales, and their names were left blank on the police court blotter after they had been stowed away below. They will reach home a day late, after a seance with the Mayor today at noon.

Snipes May Give Bond.

It was learned yesterday afternoon that there is a probability that young Lonnie Snipes will give bond in a few days, and be discharged pending his trial at the September term of court. Young Snipes was recently brought in from the hospital, where he underwent an operation for appendicitis.

ROOSEVELT AND HIS CRITICS.

The first actual break in President Roosevelt's Summer rest at Oyster Bay will be today when he will go to Provincetown, Mass., to speak at the celebration of the landing of the Pilgrim Fathers. It is said that the President has lately been very nettled by newspaper criticism of his trust-busting, or rather the amount of incessant talk about what has been done and is going to be done. The cry has been raised that all that talk hasn't busted a trust and is weakening confidence in the business world. A dispatch from Oyster Bay to the New York Press (Rep.) says it is not improbable that Mr. Roosevelt will today say something in his speech that will "clear the atmosphere in Wall Street." Says the dispatch:

"It was not his intention to discuss any question affecting the government at this celebration of the landing of the Pilgrim fathers, but the attack on the Federal administration by newspapers controlled in Wall street have nettled Mr. Roosevelt. He believes that the men who control law-defying monopolies have begun a systematic campaign to discredit him and to make it appear by Wall street 'prices' that the orderly processes of law are destroying business prosperity.

"A man who ought to know says that the President discussed the subjects to be treated in his speech with Secretary Root on last Wednesday, and that Mr. Root advised against any recognition of the Wall street situation. Secretary Cortelyou, who is only a few miles away from Oyster Bay in his Summer home, is in daily communication with the President on a direct tlephone wire, and is understood to have opposed the suggestion that the President should make a semi-political speech. Mr. Cortelyou is reported to have said that the statements by Mr. Bonaparte and the speeches to be made by Mr. Taft would fully cover every requirement. Nevertheless, there is high authority for stating that tonight Mr. Roosevelt is of the opinion that he should answer his critics and point out how they are attempting to deceive the public.

"Should the President depart from the speeches he has prepared for the Provincetown celebration, Wall street will get another jar, and there will be no comfort in what he says, either for the Rockefeller crowd or the Harriman outfit. When the trusts stop fighting the government or, in other words, quit their violation of law, they will have peace, and not a moment before. The cry of short money and failing business has had no effect on the President. He knows that the men who kite stocks and the combines that have been robbing shippers and the public are anxious to bring unrest and frighten legitimate business interests. It is largely because of this that Mr. Roosevelt is anxious to tell the people that the government is not making war on corporations that obey the laws, but is determined to fight the others until the will of the government prevails..

"From what was heard here tonight the President will not confine himself to the Pilgrim fathers, and is not likely to be dissuaded from the purpose by Root or Cortelyou."

If it is out of place for the President to make a kick in his Provincetown speech, why don't the Republican organs have some "inspired" articles? If the organs desired they could come very nearly giving the President's views in a way that would save him from hitting a lick in self-defence.

INTERNAL REVENUE RECEIPTS.

LESS SULPHUR IN WINES.

How many wine bibbers know what they have been drinking in their wine? Little did we suspect that we were Imbibing more or less sulphur when we picked up a glass of wine and would say "here's to you and here's tow'ds you, if we'd never met I'd never know'd you," "here's luck," "many happy days," "may you live long and prosper," etc. Such is a fact, however, as the pure food movement reveals to us. It is gratifying however, to learn that hereafter the winemakers are going to give us less sulphur.

At least we are so informed by a Washington dispatch which states that Dr. H. W. Wiley, who has just retuned to this country after a stay of about two months in France, where he went at the initiation of the international jury of food products at the Bordeaux Exposition, reports that he made a visit to the chief wine growers' section of France and found there great progress in preserving wines without the use of sulphur. The doctor says that not more than two-thirds of the amount of sulphur formerly used is now employed, and the product is correspondingly improved through the elimination of sulphurous acid.

Dr. Wiley predicts that the wines coming on the market from these districts this Fall will show a marked improvement in flavor. He sees no reason why American wine growers should not be able to reduce the amount of sulphur they employ correspondingly. In some French wines, the amount of sulphur is now only from 5 to 7 milligrams per litre.

Flavor? The flavor always has been more or less satisfactory, but the information that we have to still go on taking in a little sulphur is not so comforting.

CURRENT COMMENT.

—Secretary Taft must be coming to the conclusion that the man who gets the Presidency earns it.—Philadelphia Press.

—If the Norfolk & Southern will continue its road from Raleigh to Durham it is unnecessary to assure it that it will get its share of business here.—Denham Herald.

—A new law in Alabama makes it a misdemeanor to carry a pistol less than two feet long. If that doesn't cure some men of the gun-toting habit we miss our guess.—Washington Post.

—There is nothing in the present strike situation, however, that will serve as a good excuse for further delaying the numerous scheduled dashes for the North Pole.—Washington Herald.

—The bear which tried to save himself from the President's big gun by becoming a common housebreaker and getting chased by officers of the law proves to the nature fakirs that Davy Crockett's coon really existed.—New York Tribune.

—The Republican party has elected Guggenheimer, of the lead and silver trust and Du Pont, of the powder trust United States Senators, and a number of others who are trust and railroad sympathisers, and yet the G. O. P. would pose as a trust buster and railroad regulator.—Waynesville (N. C.) Courier.

—Within a week two members of the Raleigh Confederate Drum Corps have died. Like Mr. Haynes, his comrade, Mr. W. D. Smith, was a brave soldier. For years he has been almost an invalid and bore his sufferings with fortitude. The line of gray is getting thin. More of them have gone to join Lee than remain here with Hoke.

—"How," asks the Springfield Republican, "can financial or business troubles come upon the country as long as we have that prosperity producing, panic-proof tariff with us, working twenty-four hours a day?" Respectfully passed up to that great High Priest of Dingleyism and most illustrious Standpatters, Uncle Joe Cannon, for reply.—Norfolk-Virginian Pilot.

—It is reported that the new union station to be built at Goldsboro will cost $75,000 and will be one of the finest railway stations in North Caarolina, somewhat like the one at Durham, but having two stories insted of one. One thing is certain, Goldsboro is not getting her depot before she needed it. Goldsboro will soon be a town of handsome buildings if she keeps on at the present rate. She has a municipal building that is a thing of beauty and a source of pride. —Raleigh Evening Times.

—A list of the names of the possessors of the 100 largest fortunes in the world has been compiled. John D. Rockefeller heads the list, followed by Belt and Robinson, the South African mine owners. Fifty-one of the fortunes are held in the United States, twelve in Endland, six in Russia, six in Austria and six in Germany. The rest are assigned to various parts of the world. No one is included in the list who is not worth more than $20,000,000. The combined wealth of the 100 men is placed at more than $7,000,000,0000.—Savannah News.

DOING THEIR DUTY

Scores of Wilmington Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow;

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Wilmington people endorse our claim.

P. C. LeMoyne, contractor, of 223 North Seventh street, Wilmington, N. C., says: "I did not know that the trouble with my back was caused by my kidneys not acting properly, although I noticed the secretions from those organs were dark and very irregular, sometimes free and at other times scanty. I saw Doan's Kidney Pills advertised and went to Bellamy's drug store and got a box. I was surprised at the result, for I have not had backache since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

They're Worth While.

The Ocean Liner Stewardess.

It appears that some stewardesses on the best liners running between Liverpool and New York make from £20 to £30 per month. The average tip varies from 10 shillings to the modest half crown, although occasionally five pound notes change hands. "It is quite true," says a stewardess in a London paper, "that ladies are not nearly so generous as gentlemen. I worked like a slave one trip, night and day, waiting upon an exacting millionaire's wife and children, but they left the ship without giving me even 'Thank you.' I know one stewardess, though, who received £25 as a tip from one of the Vanderbilts, who had his servant standing by him with a satchel of sovereigns, from which all the stewards and other attendants received something. The most generous people are military and civil officers homeward bound from India. Sometimes a rich gentleman passenger falls in love with a stewardess and marries her. But fortunes from tips are rarely made, although a comfortable competency is frequently secured in this way."

Curious Place Names.

Chicago is an Indian word, meaning wild onion or skunk weed. Chesapeake is also Indian and is variously interpreted as highly salted water, great waters or country on a great river. Chautauqua is also an Indian word and has had several interpretations, as a foggy place, a bag tied in the middle (referring to the shape of the lake), a place where a child was washed away, where the fish are taken out, place of easy death or, finally, place where one was lost. Des Moines is usually supposed to refer only to the Trappist monks, and it is also connected with an Indian word meaning the road. Niagara is an Indian word, signifying across the strait or at the neck. Shenandoah is Indian and means the spruce stream or a river flowing alongside of high hills. Massachusetts means near the great hills or the hill shaped like an arrowhead or, again, the blue hills. Mississippi means great water or gathering in of all the waters or an almost endless river spread out.—Leslie's Weekly.

Playthings of Ancient Children.

The most primitive toy is the doll. It dates back to prehistoric times and is found in every part of the world. This one would naturally expect to find. A child, seeing its mother nursing other younger children, would imitate the example with an improvised doll. Toy weapons, again, are older than history. Many of the other toys at present in use date from the earliest times of which we have any record. In the tombs of the ancient Egyptians, along with painted dolls having movable limbs, have been found marbles, leather covered balls, elastic balls and marionettes moved by strings. Ancient Greek tombs furnish clay dolls, toy horses and wooden carts and ships. In the Louvre there are some Greco-Roman dolls of terra cotta with movable joints fastened by wires. Greek babies had rattles. Greek boys played with whipping tops. So did the boys in ancient Rome.

Why Safety Matches Strike on Glass.

There are two reasons why ordinary safety matches can be struck on smooth glass. The head of the safety match is composed of a mixture of sulphide of antimony, chlorate of potassium and powdered glass. A comparatively small increase of temperature will cause this to ignite. Now, glass is a bad conductor of heat, and the rapid passage of the substance over it raises the temperature of that substance sufficiently for that purpose. When the glass is rough the friction crumbles away the loosely combined mixture before the temperature rises to the point of ignition; hence, given the composition of the match head, the two circumstances which answer the question are the comparative smoothness of the glass and its imperfect conductivity of heat.

The Tallest Men of Europe.

The tallest men of Europe are found in Catalonia, Normandy, Yorkshire and the Ardennes district of Belgium. Prussia gets her tallest recruits from Sleswick-Holstein, the original home of the Anglo-Saxons; Austria from the Tyrolese highlands. In Italy the progress of physical degeneration has extended to the upper Apennines, but the Albanian Turks are still an athletic race, and the natives of the Caucasus are as sinewy and gaunt as in the days of the argonauts.

Masters of the World.

Simple words, short maxims, homely truths, old sayings, are the masters of the world. Great reformations, great revolutions in society, great eras in human progress and improvement, start from good words, right words, sound words, spoken in the fitting time, and finding their way to human hearts as easily as the birds find their homes.—D. March.

The Landlady's View.

"They say a carrier pigeon will go farther than any other bird," said the boarder between bites.

"Well, I'll have to try one," said the landlady. "I notice a fowl doesn't go far."

Literary Item.

"They say very few authors sleep more than seven hours a day."

"But think how much slumber they furnish other people."

Soft.

Cholly — I wish that I could find something to absorb my mind. Molly —Have you thought of trying blotting paper?

Any store can claim to be the best, to give the greatest values, it only takes nerve to do that; but few stores can PROVE day after day after years as this store has done. In all our mercantile career we have never made a single claim that was not backed up with the goods—that's the Polvogt way of doing things.

When we say a piece of merchandise is worth so much you can depend upon its being so, when we say a price is reduced it is reduced. We do not conduct this business on "hit or miss" methods, but in the "sure and certain" way. Why Is Sugar Sweet.

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50 cents. •

Horne and wife transferred to Henry Horne, for $1 and other considerations, sixty acres of land in Masonboro, on Barnum's Creek, and Anderson Stroud transferred to Mary McLaurin, for $90, property on south side of Wooster, 99 feet west of 12th street, 33x100 feet in size.

GREAT SALE AT SOLKY'S

Will be Inaugurated Tomorrow Morning—Unprecedented Offerings.

A casual stroll up Front street by the Masonic Temple either by day or night subjects the vision to instant arrest at the big store of J. M. Solky & Co. The entire front of the estaablishment is a solid sheet of transparent canvas upon which has been emblazoned an announcement extraordinary to the buyer of clothing and gents furnishings not only in this city but for all this surrounding country.

Owing to the backward season and the policy of the enterprising firm never to carry over what can be sold at any price today, the large stock of all new merchandise now in the store has been placed on sale as long as it lasts at sacrifice prices. This stock includes $50,000 worth of high grade merchandise that will be distributed into the hands of the people of this section at far less than actual cost to make room for the still larger stock of Fall goods that are on the way and being received. The sale begins at 9 o'clock sharp tomorrow morning, the store being closed yesterday and today in order that experts in charge of the sale may have "the decks clear for action" when the slaughter commences. Extra salespeople are being engaged to take care of the trade and bargains seekers for miles around are expected here. It is really one of the big merchandise events of the season in Wilmington and the sale promises to be talked about in the commercial circles of the city for some time to come.

A feature of this sale will be some sensational bargains in not only men's but children's and also in boy's clothing. Ten days the sale will last and it behooves everyone to get on the bandwagon and attend this magnificent sale. Railroad fare will be paid on all purchases of $25 and over within a radius of 25 miles of Wilmington.

This should make the sale exceptionally attractive to out-of-town buyers. See the advertisement in another column and remember the Sale begins tomorrow morning at 9 o'clock.

Red Men's Excursion.

Great preparations are being made for Red Men's Day at Wrightsville Beach under the auspices of Cherokee Tribe, No. 9, of this city. The programme of events was recently published and it has been decided by the management to hold off a part of the attractions until night, if the weather seems propitious. This is in order to give those an opportunity of seeing the attractions who can not find it convenient to attend during the day.

Details of the Accident.

Mr. Walter R. Kingsbury yesterday received a letter from Mrs. Kingsbury and daughter, Miss Lucile, who were both injuried in the accident near Asheville last week, in the wreck of a Southern Railway train. Mrs. Kingsbury received bruises and cuts of a painful though not serious nature while Miss Lucile was severely cut by flying glass one incision having required ten stitches to close. The letter stated that Miss Kingsbury would be able to leave her room on crutches in about ten days.

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. Trial bottle free.

CHILDREN COME TODAY.

Orphans From Odd Fellows Home Arrive This Morning.

The children from the I. O. O. F. Home at Goldsboro, the class numbering this year more than a hundred and considedably larger than ever before, will reach the city this morning in a special coach attached to the regular train from Goldsboro. They will be here for their outing as the guests of members of the Wilmington Lodges and they are looking forward to a very pleasant time. Tomorrow the visitors will be taken for an all day excursion to Carolina Beach where a basket picnic will be given under the auspices of the Daughters of Rebekah. It is expected that the Southport Odd Fellows will come up to spend the day with the Wilmington party and all Odd Fellows in the city are cordially invited. Friday night the Daughters of Rebekah will entertain the visitors and the little folks will be shown numerous courtesies by their hosts while in the city.

The committee in charge of the arrangements is composed of Messrs. L. W. Moore, D. Wilborn Davis and C. O. Durant, from Cape Fear Lodge No. 2; H. O. Craig, J. M. Batson and T. K. Curtis, from Orion Lodge No. 67; E. Y. Davis, J. L. Middleton and Jessie Craig, Wilmington Lodge No. 139 and C. F. Williams, Jno E. Wood and E. S. Hancock, from Hanover Lodge No. 145. The committee from Letitia Lodge No. 3, Daughters of Rebekah is composed of Mrs. A. T. Parker, Mrs. T. G. Landen and Miss Bettie Futch.

Wilmingtonian Honored.

It is semi-officially announced from Portsmouth, Va., that Mr. James F. Wright has been appointed assistant general counsel of the Seaboard Air Line Railway. As a son of Mr. Thos. H. Wright, auditor of passenger receipts of the Seaboard Air Line, and a former Wilmingtonian, this announcement will come with pleasure to a large number of friends in this city. Mr. Wright has been in the office of Judge Leigh R. Watts, general counsel of the road, and it was while in this association that the capabilities of the young attorney were recognized to such an extent as to lead to his appointment. He is now in Charlotte recuperating from an attack of typhoid fever, but will return to Portsmouth in a short time to take up his new duties.

An Obstreperous Female.

While driving around the city on an official inspection yesterday afternoon, Chief Williams, at Fifth and Swann streets found a very drunk mulatto girl, sprawled out on the sidewalk. She was placed under arrest and the patrol wagon called. The woman was very docile until she reached the door of a cell at the police station. There she fought like a demon and swore she would never enter there. It required the combined efforts of Turnkey Benson, Officers Huggins and Woody Howell to stow her away, Mr. Benson having had his arm severely contused in the stowing.

LOW COACH RATES AND SPECIAL TRAIN VIA SEABOARD.

To accommodate the Travel to the Exposition North Carolina Week the Seaboard Air Line Railway will sell the low Coach Excursion tickets on Wednesday, August 14th, as well as Tuesdays and Fridays. This will give every one an opportunity to go and special coaches will be attached to all the regular trains from Hamlet and extra trains run to satisfactiorily handle the large movement that is expected.

Coach tickets sold every Tuesday and Friday also Wednesday, August 14th, from all points between Hamlet and Wilmington inclusive $5.25, ten day tickets $9.45, 60 day tickets $10.45, season tickets $12.50.

The time for all North Carolinians to attend and assist in making Thursday, August 15th "North Carolina Day" the largest during the Exposition.

The Limit of Life.

The most eminent medical scienists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being strongly urged; careless then being fatal to longlevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine, that revitalizes every organ of the body. Guaranteed by R. R. Bellamy, Druggist. 50 cents.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other.

Cinderella.

It was in ancient Egypt that the story of Cinderella originated. Moderns, however, owe the familiar nursery story directly to the Frenchman, Charles Perrault, whose "Cindrillon" appeared at the end of the seventeenth century. Perrault took his Cinderella from earlier versions, which came no doubt from the story of Rhodopis' bath. That Egyptian beauty had prepared to bathe when an eagle swooped on one of her slippers, carried it to Memphis and dropped it on the lap of King Psammetichus as he sat administering justice. He admired it, had Egypt searched for its owner, married her and lived happy ever after.

The Painting Jeffersons.

"The Siege of Belgrade," a comic opera by Cobb, was the first new production in New York in 1796-97. For it Mr. Jefferson's grandfather, Joseph Jefferson 1st, painted the scenery, and in it he played the character of Leopold. Mr. Jefferson's father, Joseph Jefferson 2d, who, like his illustrious son, was born in Philadelphia, was more manager than actor and more painter than either. As a boy he studied architecture and drawing, and he was also pupil to the scenic artist Robert Coyle, an Englishman of repute at that period. — Francis Wilson in Scribner's.

The Pelican and Its Pouch.

Among the curiosities of nature must be reckoned the pouch of the pelican, which serves equally well as a net with which to scoop up fish and as a bag to convey food to its young. When not in use the bird can contract its pouch so that it is barely discernible, but when it is fully distended it will hold two gallons of water. When the pelican is hunting for food it flies slowly about twenty feet above the surface of the water, scanning its depths for any sign of its prey. As soon as a fish is seen there is a sudden folding of a pair of wings, a downward plunge with the speed of an arrow head first into the sea, the unerring marksman reappearing in a moment and floating on the waves long enough to reveal a glimpse of a fish gliding down its capacious gullet and to shake the water from its disheveled plumage.

Men and Their Autographs.

An experienced autograph collector can almost tell to what profession a man belongs by the grudgingness or otherwise of his response. Actors and vocalists never demur. They rather seem to like it. Poets and authors of fiction accede, but with a certain cold dignity; metaphysicians and philosophers either refuse altogether or comply with a bad grace; dramatists not only send their autographs, but a quotation from their works as well; peers sign, but with a stiff and formal hauteur; judges and barristers sign in such a way that it is not possible to squeeze an I. O. U. over the name. In fact, every class has—of course, with exceptions—its own way of dealing with the importunity of the autograph fiend.—H. I. Jennings in Connoisseur.

Two Phases of the Case.

"How long is it going to take to get through with this case?" asked the client, who was under suspicion of housebreaking.

"Well," replied the young lawyer thoughtfully, "it'll take me about two weeks to get through with it, but I'm afraid it's going to take you about four years."

But She Did Tell.

Ella—Bella told me that you told her that secret I told you not to tell her. Stella—She's a mean thing. I told her not to tell you I told her. Ella—Well, I told her I wouldn't tell you she told me, so don't tell her I did.—Judge.

"Everybody Should Know."

says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by R. R. Bellamy, Druggist, 25c.

I live and let my brethren live

The balance I give Rocky Mountain Tea.

It brings to the little one that priceless gift of healthy flesh, solid bone and muscle. That's what Hollister's Rocky Mountain Tea does. Best baby medicine on earth. Tea or Tablets, 35 cents.

Lincoln County News: Cherryville has three new cotton mills in process of erection, the Melville Manufacturing Company, the Gaston Mill No. 2, and the Howell Manufacturing Company. This makes six cotton mills for Cherryville.

—Graham, N. C., Aug. 17: Mr. Abraham Johnson, who was cleaning out a well at the Thompson mill in Southern Alamance, was killed by a falling bucket on Thursday. He was about 36 years of age, and leaves behind him a widow and five children.

—Asheville, Aug. 18: The committee having in charge the petition requesting the board of aldermen to call a special election to allow the people to vote on the question of the sale and manufacture of whiskey in Asheville next week was reported and the election will be called after 30 days' notice. The advocates of the open saloon are now getting busy and conferences will shortly be held to determine the method of campaign. A hard fight is expected.

—Asheville, Aug. 18: A telephone message from Jonathan's Creek, 10 miles from Waynesville, in this State, says that Mitchell Kirkintoll, a young man of 24, was shot and killed this evening by Frank Jenkins, while in the company of Jenkins' wife. Jenkins returned unexpectedly to his home this evening, and it is alleged, found Kirkintoll and his (Jenkins') wife together. Both men, it is said, reached for pistols, but Jenkins fired first. Kirkintol was struck in the shoulder and dropped his gun. He ran through the doorway. Jenkins sent another shot after him and Kirkintoll fell to the ground, expiring a few minutes later. Jenkins, it is said, surredered to the authorities.

—Sylva, N. C., Aug. 17: News has reached here of the tragic death on Monday of this week of Mrs. Susan Dills and her grandson, —. —. Cope, a youth of about 16 years, in Canada township, this county. Ed. Dills, husband of the deceased woman, and his two grandsons, the Cope boys, were engaged in mining for mica on the Dills property, and were driving a tunnel. Mrs. Dills visited the scene of operations and was in the tunnel. The wall gave way, precipitating a crash, killing Mrs. Dills and closing the tunnel, encasing the Cope boy in a premature grave, smothering him to death before an excavation could be made and air admitted.

—Dnuu, N. C., Aug. 17: Dr. M. W. Harper died at his home last night. He has been in failing health for some time, but was not confined to his bed until about a week ago. His death is a shock to the town and community, as he was one of the founders of the town, a successful physician and an influential citizen. He was sixty-three years of age, and is survived by his wife and four daughters, Mrs. I. F. Hicks, Mrs. M. D. Holliday, Mrs. C. R. Young and Miss Corinne Harper; and by one brother, Rev. J. J. Harper, president of the Atlantic Christian College at Wilson, N. C., and three sisters, Mrs. N. B. Hood, Mrs. B. W. Hatcher and Mrs. Barber.

—Winston-Salem, Aug. 18: Claude James, the white man who last night about 9 o'clock shot two negroes, killing one almost instantly and painfully wounding the other, was taken at 8 o'clock this morning by Sheriff J. E. Ziglar. James was arrested under the grandstand at the Forsyth County Fair grounds. The police learned last night that James had an engagement to meet a woman at the grandstand at 8 o'clock this morning and informed Sheriff Ziglar, who lives near the fair grounds, of the fact. James offered no resistance whatever. When told by some of the officers he had killed one negro and wounded another, James is said to have replied that he guessed that they would never try to break in on him again. This is all he would say about the crime. The coroner viewed the remains of the deceased negro this morning and summoned a jury. The jury did not complete its work and will be in session again tomorrow morning in the courthouse to render its verdict. The coroner was notified last night of the murder, but he did not take any action until this morning. James stayed in the vicinity of the murder all last night, but the officers were unable to apprehend him. One time one of the officers was in a few feet of the criminal, but the officer was not quick enough. Several shots were heard in the neighborhood during the night, but whether these were fired by James is not known. James seems to have a mania for shooting negroes. On Christmas Day last he shot two or three negroes, for which he has recently served a six-months' sentence on the county roads. He is a young fellow about 23 years old.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Aug. 19.—The cotton market was very quiet during today's session with the close dull net unchanged to 3 points lower. The market opened steady at a decline of one point to an advance of five points with the active months generally higher in response to steady cables, contined dry weather in the Western belt and covering by some of the Wall Street shorts owing to thesteadier tone of the stock market. After working up to a net advance of about 6 to 9 points on the active months, however, the market sagged in the absence of support at New Orleans. The close was at the lowest point of the day. Sales were estimated at 75,000 bales Private crop advices from the Eastern belt were considered very favorable, but continued reports of the damage causing from the Southwest

Receipts of cotton at the ports today 1,589, bales against 1,502 last week and 7,693 last year. For the week 12,000 bales against 8,250 last week and 49,414 last year. Today's receipts at New Orleans 876 bales against 336 last year.

Spot cotton closed quiet; middling uplands 13.25; middling gulf 13.50; sales 600 bales.

Futures opened steady and closed dull.

CAROLINA RATE IN NEW YORK

Southern Railway Had Several Witnesses Before Special Master Montgomery.

GOVERNOR GLENN PRESENT

Says in Interview That If Judge Pritchard Had Attempted to Take State's Prisoner He Would Have Called Out Troops.

(By Wire to the Morning Star.)

New York, Aug. 19.—Information as to the costs of railroad transportation was obtained from John M. Daley, superintendent of transportation of the Illinois C entral Railroad, when he took the stand again today as an expert witness for the Southern Railway, before former Judge Montgomery, who as master, is taking depositions here which may lead to a solution of the question of the constitutionality of the 2 1-4 cent railroad rate law of North Carolina. Mr. Daley was cross-examined by Mr. Justice, who appeared for the State of North Carolina. The witness said that competition and not volume of business was largely the basis upon which railroad rates were fixed. There were no long hauls in North Carolina, he said. Explaining the costs of transportation, Mr. Daley said:

"The expenses are made up by the building of cars, their repairs, crews to man the trains, the coal used in the engine and the tax levied every day in North Carolina for the privilege of standing a train of cars at the end of the run. Besides, you must take into consideration that after a train runs, say 60 miles, in one day, the return run has to be made and the same expenses continue."

To counsel for the Southern Railway, Mr. Daley said that 85 per cent. of the business done by that company in North Carolina is inter-tSate.

W. B. Beymer, auditor of the Central Railroad of Georgia, testified that the Southern Railway realizes a profit of but 15 cents on every dollar paid for domestic transportation. It costs the other 85 cents to move the freight or passengers, he said. He could not separate the freight from the passenger income in this estimate. It costs 15 cents on the dollar earned more to handle business within the State than to handle all the rest of the company's business.

Richard B. Taylor, general superintendent of the Mobile & Ohio Railroad, testified that it costs more to handle the local business of a railroad than it does to handle all the other business, explaining that small amounts were handled in local freight and that the freight cars had to move at stated periods, whether or not the cars carried a full load. In long runs the cars were filled to their utmost capacity, stops were fewer and the expense of handling the freight was less.

The investigation will be continued tomorrow, counsel agreeing to continue the hearings in this city until Wednesday night and then adjourn to Washington, where the hearing will be resumed on Friday.

Governor Glenn, of North Carolina, who came to New York to consult with attorneys for the State in this hearing, said today that he would start for home tonight.

"We have had witnesses on the stand under cross-examination," he said, "and things have turned out just as we expected."

"Then do you expect to go on the stand yourself?" the Governor was asked.

"Oh, no, the Governor replied. "I had no intention of going on the stand in person, when I came here. I merely came to New York to consult with the State's attorneys and look over things. As everything is satisfactory, there is no reason for a longer stay."

Speaking of the clash between the State and Federal courts, over the rate law, Governor Glenn said:

"I am an industrial governor. I have always made it a point to protect capital and protect the railroads from anything that was unfair. But when the railroads try to run us, then it is time to call a halt. There was only once that this matter became serious. Had Judge Pritchard tried to get our prisoner away from us and adjudged Judge Long in contempt, I certainly would have backed up Judge Long with every soldier and every deputy sheriff in North Carolina. Of course if President Roosevelt sent troops into our State, then we would have had to throw up our hands, as one State could not fight the Union, but we should have appealed to the voters of the country, and I think they would have been with us."

CANAL WORK RUSHING.

Col. Goethals Building It Faster Than Money Allows.

(By Wire to the Morning Star.)

Washington, Aug. 19.—Conditions on the Panama Canal have reached a state of gravity due to the fact that construction work for expenditures during the fiscal year 1908 were nearly a year ago. The estimate is made that about $8,000,000 in excess of the appropriation could be used to advantage in pushing forward the work during the present year, and Colonel Goethals, the engineer in charge, thinks it would be in the interest of true economy to proceed along this basis and ask Congress at its next session to make good the deficiency, as the argument is made that with the present organization and progress the waterway can be completed more rapidly than be restraining expenditures within the appropriations now avilable. Reports show that the monthly estimated expenditures for labor is being considerably exceeded and work at the aGtun Dam has progressed further than was anticipated.

SECRETARY TAFT TALKS REVISION

Made Speech to Thousands of People in Columbus, O,. Last Night

OPENING OF HIS CAMPAIGN

Judge Taft Declared It Would Be Both Unwise and Unsafe for Republicans Not to Revise—Jail for Violators.

(By Wire to the Morning Star.)

Columbus, O., Aug 19.—William H. Taft, Secretary of War, made what he was pleased to term his "Confession of Faith" at Memorial Home tonight. The auditorium, which has a seating capacity of more than 5,000 was packed to the doors and several thousand persons who came to hear the Secretary were unable to gain admission. The Secretary spoke under the auspices of the Buckeye Republican Club and the address was notable from the fact that it regarded as the platform upon which he will make his campaign for the Republican nomination for President.

Mr. Taft made no formal announcement of his candicacy but he was introduced by Governor Harris as the next President of the United States, which was the signal for a prolonged outburst of applause.

Special interest was manifested in Secretary Taft's utterances on the tariff. He reiterated his previous declarations in favor of revision and declared that it would be both unwise and unsafe for the Republican party to fail to pledge itself to revise the Dingley law soon after the next Presidential election as possible.

Mr. Taft also declared in favor of imprisonment of individuals responsible for violation of the anti-trust law, and for the giving or accepting of rebates, as more effective than fines. His defense of President Roosevelt's politicies evoked enthusiastic applause.

WARM WIRELETS.

The California Supreme Court yesterday rendered a decision in the McKannay salary case, sustaining the legality of the removal of Mayor Schmitz and the appointment of Mayor Taylor.

Sheriff W. W. Tyns, of Grady county Ga., was shot twice and probably fatally wounded yesterday afternoon near Cairo, Ga., by Charles Williams, a negro whom he sought to arrest. A posse with dogs is pursuing Williams.

President Roosevelt and members of his family aboard the yacht Mayflower sailed yesterday from Oyster Bay for Provincetown, Mass., where the President will deliver an address at the celebration of the landing of the Pilgrims.

At Bordentown, N. J., yesterday John Hall, a negro, known as "Pat" Hall, was arrested on the charge of having attempting to kill John Bernard, a policeman, near Molena, Pike county, Georgia, on May 10 last. He is held for extradition.

The International Federation of Sunday Rest Associations of America, have petitioned President Roosevelt not to allow the Jamestown Exposition to be open on Sundays. The petitions call attention to the appropriation by Congress with the promise that there should be no Sunday opening.

Prince Wilhelm, of Sweden, arrived at the Jamestown Exposition. The fleets of the powers in Hampton Roads gave him a noisy welcome and 20,000 people cheered him at the Exposition. There were several functions in his honor. He is the grandson of King Oscar and is a lieutenant in the navy.

Both the telegraph companies claim that their business is normal, and that the strike does not bother them. The telegraphers claim that they have made substantial gains and can't see how they can lose. Leased wire operators in six Chicago brokerage houses were called out yesterday. Striking messenger boys at Chicago returned to work yesterday.

Passenger train No. 3 on the Chicago, Milwaukee and St. Paul Railroad was wrecked Tuesday at Keystone, thirty miles west of Cedar Rapids, Iowa. Twenty persons were injuried several seriously. The wreck was caused by the train's colliding with a hand car on a twenty foot embankment. The express and mail cars went down the embankment.

Two Japanese were discovered it is said, in the rear of Fort McPherson Atlanta, Ga., yesterday taking views and sketches of the buildings and grounds. A former enlisted man who said he observed the Japanese, after talking with them, told the story of the occurrence to the officers of the Department of the Gulf. The officers of the Department say no action will be taken unless other discoveries are made.

Delegates from various manufacturing and employers' association, met in New York yesterday and discussed the proposition to form a national federation to further peace in the industrial world by combining the efforts of all the employing interests. The meeting, which was held behind closed doors at the Waldorf-Astoria, was presided over by James W. VanCleave, of St. Louis, president of the National Association of Manufacturers. The meeting adjourned to permit the delegates to consult with organizations which they represent.

AN AUTO SAVED BRUTAL TRAMP

Lynchers in Pennsylvania Foiled By Sheriff in Run of 30 Miles.

BRUTALLY ASSAULTED GIRL

She Was Prominent Methodist Minister's Daughter and Her Assailant Left Her in Woods Tied To Tree—Most Dead.

(By Wire to the Morning Star.)

Greenville, Pa., Aug 19.—Alma Whitehead, 14 years old, daughter of a prominent Methodist Episcopal minister of Turnersville, Pa., is in a critical conditon from a brutal assault perpetrated late Saturday nght by a tramp. Posses from two counties with bloodhounds are scouring the country in the vicinity of Jamestown Pa., and Simeon, O., for the man. Great indignation prevails. Miss Whitehead met the stranger while on her way to a neighbor's home. The tramp forced her into a wood and after assaulting her, tied her to a tree, where she was later found almost dead.

Columbus, O., Aug. 19.—The tramp who assaulted Alma Whitehead, the 14-year-old daughter of Rev J. M. Whitehead, of Turnersville, Pa., on Saturday night, was run down by bloodhounds from Warren, O., and captured shortly after midnight last night in a swamp near Wick, Ashtabula county. The capture was made by Chief Frank Flowers, of the Warren police. The officers being close at hand, no attempt was made to harm the tramp, and he was taken across the country to the jail at Meadville.

Greenville, Pa., Aug. 19.—Sheriff R. P. Marshal, of Crawford county, lodged the alleged assailant of Alma Whiteehad in the Meadville jail early today. The man was caught about 2:30 o'clock this morning near Dorset, O., on the low grade division of the Lake Shore Railroad, and was taken across the country in an automobile a distance of about thirty miles.

At several points along the road to Meadville the news of the capture had preceded the officers and excited groups had assembled bent upon lynching the prisoner. The sheriffs, however, by throwing open the power of his automobile, passed the angry crowds in safety before they had time to realize what had happened.

Sheriff Marshall stated that the man admitted his identity. He gave the name of H. W. Wagner, 45 years old, and was immediately arraigned on a charge of criminal assault.

Fresh Air.

Fresh air clears the cobwebs from the brain, puts new strength into the muscles, a new life into the blood, a new lightness into the step. It brushes away the petty ills that bother everyday life and helps one to bear with greater patience. It strengthens the shoulders for the burdens that are laid upon them. It makes the hardest work lighter and the hardest day brighter.

Easy.

"Well," pondered the new answers-to-correspondents editor: "I wonder how to answer this. Here's a subscriber who wants to know what's a good thing to take ink stains out of white flannel."

"That's easy," replied the sporting editor, "a pair of scissors."

APPEARING OLD

Was a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.
